

(Throw On) The Hazard Lights

Dirty Projectors

I'm not going to work
Just like the sparks from off my bumper
Scraping as it trails
Behind me
Resigning

Throw on the hazard lights
Pull on over to the side
Slowly figure what the problem is
For it's all over before it begins

Oh you
Will raise your voice
When he won't meet you where you hoped he would
Don't bother with your peers
Their knowledge is weird

Throw on the hazard lights
Pull on over to the side
Slowly figure what the problem is
For it's all over before it begins
