

All Little Devils

Dismal Euphony

Rise and shine in the night
My pride salutes me, until I fall
The wicked children praise my name
Then writes it in the morning sky

Rise and shine in the night
My pride salutes me, until I fall
The wicked children praise my name
Then writes it in the morning sky

All little devils are dancing in ecstasy
All little devils are dancing in ecstasy
All little devils are dancing in ecstasy
All little devils are dancing in ecstasy

Inspired by the taste of horror
Proud to be insane forever
Proud to be insane

Let out the killer in me!
Let out the killer in me!
Let out the killer in me!
Let out the killer in me!

Raise your hands above your head
Close your eyes and you'll be dead
Broken dream of insanity
Anger will be my victory

Inspired by the taste of horror
Proud to be insane forever
Proud to be insane

Inspired by the taste of horror
Proud to be insane forever
Proud to be insane

Let out the killer in me!
Let out the killer in me!
Let out the killer in me!
Let out the killer in me!
