Dismal Euphony

Rise and shine in the night
My pride salutes me, until I fall
The wicked children praise my name
Then writes it in the morning sky

Rise and shine in the night
My pride salutes me, until I fall
The wicked children praise my name
Then writes it in the morning sky

All little devils are dancing in ecstacy All little devils are dancing in ecstacy All little devils are dancing in ecstacy All little devils are dancing in ecstacy

Inspired by the taste of horror Proud to be insane forever Proud to be insane

Let out the killer in me! Let out the killer in me! Let out the killer in me! Let out the killer in me!

Raise your hands above your head Close your eyes and you'll be dead Broken dream of insanity Anger will be my victory
