## **Land of Confusion**

## **Disturbed**

I must have dreamed a thousand dreams
Been haunted by a million screams
But I can hear the marching feet
They're moving into the street

Now, did you read the news today? They say the danger has gone away But I can see the fire's still alight They're burning into the night

There's too many men, too many people
Making too many problems
And there's not much love to go around
Can't you see this is a land of confusion?

This is the world we live in And these are the hands we're given Use them and let's start trying To make it a place worth living in

Oh, superman, where are you now? When everything's gone wrong somehow? The men of steel, these men of power Are losing control by the hour

This is the time, this is the place So we look for the future But there's not much love to go around Tell me why this is a land of confusion

This is the world we live in And these are the hands we're given Use them and let's start trying To make it a place worth living in

I remember long ago
When the sun was shining
And all the stars were bright all through the night
In the wake of this madness, as I held you tight
So long ago

I won't be coming home tonight My generation will put it right We're not just making promises That we know we'll never keep

There's too many men, too many people
Making too many problems
And there's not much love to go round
Can't you see this is a land of confusion?

Now, this is the world we live in And these are the hands we're given Use them and let's start trying To make it a place worth fighting for

This is the world we live in

And these are the names we're given Stand up and let's start showing Just where our lives are going to
