

## Closer

Divided By Friday

We're holding on  
Our hope stands strong  
And I can't deny these feelings  
'Cause they're all that I have in me  
I said I'm waiting on a chance  
And now, our hearts are racing  
For the road that lies ahead

We'll chase this dream tonight  
'Cause it will always be alive

Give me a reason to quit trying  
I'll tell you why  
Giving up is not an option  
This is far from over  
We're years from done  
'Cause we still believe  
And we still agree  
Giving up is not an option

We will make it  
A risk worth taking  
We're taking control  
Let's live for the moment

We'll chase this dream tonight  
'Cause it will always be alive

Give me a reason to quit trying  
I'll tell you why  
Giving up is not an option  
This is far from over  
We're years from done  
'Cause we still believe  
And we still agree  
Giving up is not an option

We're getting closer  
I can't deny these feelings  
'Cause they're all that I have in me  
As long as I am breathing  
I'll never stop believing
