

## Need A Lover

Divinyls

Tell me mirror mirror mirror on my wall  
Who is the fairest the fairest of them all  
Tell me fortune teller look into your crystal ball  
A love for me romantically tell me will I fall

For someone good looking what's the color of his hair  
Does he have a fortune I really just don't care  
If he needs the money I'll gladly pay his fare  
Summon him this very night what style should I wear my hair  
For my lover I need a lover

Dearest fairy godmother please wave your magic wand  
Please send me someone to whom I can hold on  
Genie in the bottle do you hear my plea  
If you don't answer my call I'll throw you in the sea

I rule my bed alone each night what a poor state of affairs  
Please send me someone  
Please send me someone who really cares

Send me out a valentine in a puff of smoke  
To curl around my body  
Passionate feelings will evoke  
Like a lover I need a lover  
A lover, a lover, a lover, a lover  
Fantasy and phantasm  
Whatever turns you on  
Don't let your mother tell you  
You're doing something wrong  
I use any avenue of thoughts which I am fond  
Oh how I wish someone would come along  
And wave their magic wand  
Oh, oh, oh, oh

Merlin in your castle cast me a spell  
Conjure up some magic that you do so well  
Witches in your towers mix me a potion rare  
Please use all your powers for this maiden fair  
High priestess of the voodoo please reverse this curse  
That causes me to write to you this long and lonely verse  
I rule my bed alone each night what a poor state of affairs  
Please send me someone who really cares  
Like a lover I need a lover  
A lover, a lover, a lover, a lover  
I need a lover
