Tell me mirror mirror on my wall Who is the fairest the fairest of them all Tell me fortune teller look into your crystal ball A love for me romantically tell me will I fall

For someone good looking what's the color of his hair Does he have a fortune I really just don't care If he needs the money I'll gladly pay his fare Summon him this very night what style should I wear my hair For my lover I need a lover

Dearest fairy godmother please wave your magic wand Please send me someone to whom I can hold on Genie in the bottle do you hear my plea If you don't answer my call I'll throw you in the sea

I rule my bed alone each night what a poor state of affairs Please send me someone Please send me someone who really cares

Send me out a valentine in a puff of smoke
To curl around my body
Passionate feelings will evoke
Like a lover I need a lover
A lover, a lover, a lover
Fantasy and phantasm
Whatever turns you on
Don't let your mother tell you
You're doing something wrong
I use any avenue of thoughts which I am fond
Oh how I wish someone would come along
And wave their magic wand
Oh, oh, oh, oh

Merlin in your castle cast me a spell
Conjure up some magic that you do so well
Witches in your towers mix me a potion rare
Pleas use all your powers for this maiden fair
High priestess of the voodoo please reverse this curse
That causes me to write to you this long and lonely verse
I rule my bed alone each night what a poor state of affairs
Please send me someone who really cares
Like a lover I need a lover
A lover, a lover, a lover
I need a lover
