Dizzy Wright

Sunny on the east side  
Walked out fresh looked clean  
I went for a ride  
Drop my top for the breeze  
Smoke me weed on a freeway  
Bitch please I ain't got time  
But if you want to jump inside  
Baby don't lie put on your choosing shoes

Yeah you bitch you  
Game colder than a igloo  
The new fresh prince hitting Will Smith moves  
Would've hit the NBA if I had hit 6'2  
A nigga never hit it but I made hits  
Wasn't mixed down so I made an everyday list  
Grind hard my nigga don't stop  
Can't and I won't like these braids don't lock  
Time to level up star boys like The Weeknd  
Late night with a bag she can reach in  
Iron out all my problems she gon' put the crease in  
We don't sleep in we just dive off the deep end  
By 25 I was tryna grow and plant seeds  
Turning 25 grams in to 25 G's  
Hate I got another nigga bitch choosing me  
But she sucking like she a blew a 25 point lead  
When I left it was

They worried about these niggas as long as I got a bitch paying  
The Lord of land let's go get it  
Hopping on delta jet blue whatever for the mission  
Worldwide crossing countries it don't matter how it happen  
Long as the bitch got the money  
We celebrate all the time smoking Dizzy  
Gangster niggas getting high like hippies  
Burning grams down on the freeway  
Slow down for the next stop we gon' exit on the B way
