Dizzy Wright

Ghetto nigga, ghettos niggas  
Ghetto nigga, ghettos niggas

Ghetto nigga get my hoop on  
Telling myself a shelter is better than a group home  
Telling myself at least I'm lucky to have these shoes on  
Fuck is you on (Fuck is you on)  
Fuck is you on (Fuck is you on)  
Ghetto nigga, ghetto nigga get it popping  
Never ignorant, we gettin' goals accomplished  
Ghetto nigga, ghetto nigga get it popping  
I'm 2Pac-ing, we 2Pac-ing

Ayo I went from playing hide-and-seek  
To making music videos and sending out the private link  
I'm proud of me cause I clearly remember seeing the insecure  
Confused with the challenges felt my momma God was giving her  
I feel like I can feel the devil start to interfere  
The feeling got similar  
When I got wiser there was something that I admire  
Let me remind you I was a ticking bomb bridges at [?] living on [?] just to  
be honest

We was just some youngins playing basketball  
With a catalog of music talking about how life's unfair  
Thought we had it all but I swear our house got twice this year  
[?] if we can't find advice in here  
Now I'm in these streets feeling like this ain't for me  
Maybe because I'm just a...

Having conversations about the progress we made  
I know when it comes to the real music that it ain't popping the same  
But history changed the future, that's why you [?]  
Look no shame cause I'm in this club like it's a bottle exchange  
Make some money and these hoes try to swallow your [?]  
Oh I know your type, you trying to tell me things I like  
Twisting up these words to sound different like we think alike  
She think she thinking like a man but really thinking like a dyke  
Shots going around and you know the truth come out  
Let's not be disrespectful cause every opinion's welcomed  
I'm predicting one of my artists gonna come with something special  
My mind [?], the shit we been cooking is greatness  
I want it, I need it, I ain't stopping, I'm possibly crazy  
I got what these people ain't heard since the golden ages  
How you playing games if you're only simulating

You must be mentally deranged or lyrically ashamed of the shit you ain't saying, but I'm just a...
