

Come 2 Life

DJ Antoine

Move your body close to me
I just wanna hold you in my arms
When I'm with you I feel so free
You touch me and my heart surrenders
I feel the lights
I feel the sound
And nothing in the world can bring me down
Let's make this night a memory
Let's make this moment last forever

I come to life when I'm with you
Kick out the lights and turn me on
I come to life when I'm with you
Feels like I'm right where I belong
You've opened my eyes and now I see
There's nowhere in the world that I'd rather be
No one makes me feel the way you do
Cause I come to life when I'm with you

We're about to lose control
Take me to a place I never been
Feel my senses overload
Surround me till my heart surrenders
I feel the sound
I feel the lights
You make me feel the world is ours tonight
And I can't fight this destiny
Let's make this moment last forever

I come to life when I'm with you
Kick out the lights and turn me on
I come to life when I'm with you
Feels like I'm right where I belong
You've opened my eyes and now I see
There's nowhere in the world that I'd rather be
No one makes me feel the way you do
Cause I come to life when I'm with you

I can feel your heartbeat calling me
I can feel the lights awaken me
With every night I wanna be just close to you
Close to you
I can feel your heartbeat calling me
I can feel the lights awaken me
With every night I wanna be just close to you
Close to you

I come to life when I'm with you
Kick out the lights and turn me on
I come to life when I'm with you
Feels like I'm right where I belong
You've opened my eyes and now I see
There's nowhere in the world that I'd rather be
No one makes me feel the way you do
Cause I come to life when I'm with you
