

## December

DJ Antoine

While all the snow has gone  
And nothing is left no more  
I hear you  
Still feel you  
I'll always remember  
I will always remember, December

December, December, December, December  
I'll always ...  
I'll always remember  
December, Remember, December

While all the snow has gone  
And nothing is left no more  
I hear you  
Still feel you  
I'll always remember

I will always remember, December  
That's always remember

December, December, December, December  
I'll always ...  
I'll always remember  
December, Remember, December
