

# Love Never Dies

DJ Bobo

Why do angels have to cry ?  
Why do we have to say goodbye ?  
Why is the rain falling down on me ?  
Heaven can you set me free ?  
And if I knew the world would end tomorrow  
I would still plant a tree, a tree today

Love never dies  
You're living in my heart forever  
Love never dies  
I close my eyes and we are together  
Love never dies, love never dies  
Love never dies, love never dies  
Love never dies  
You're living in my heart forever

Why does pain cut like a knife ?  
Why is it so hard to survive ?  
Are we all living with a scar ?  
Does it make us who we are ?  
And if I knew the world would end tomorrow  
I would still plant a tree, a tree today

We're going like we came  
My love for you, a never-ending flame  
You gave me hope in life  
You gave me strength, time after time  
You gave me faith, made me believe,  
Oh Lord I need a sign
