

# So Many Girls

DJ Drama

I got sand all by my bath water  
Candles by my wine glass  
Women all on my time  
Imagine how my time pass  
They say them freaks come out at night  
And you know who they came to see  
Even though she ain't mine  
I fucked her like we meant to be

So many girls in here tonight  
So many girls in here tonight

I'm just lookin' for the right one  
Exotic as they might come  
Better leave with two cause really I don't like one

So many girls in here tonight

Light skin, dark skin  
Sit your fine ass right there  
Come join at my table and don't question when tonight end  
Toss a couple dollars and she down for whatever  
Make no promises but promise I could fuck you better  
Fuck that singing shit, I be the shit  
That YM, too legit to quit  
You thinkin' that you better then that venus and serena shit  
I'm all up up on my ladies chick  
She saying it's the greatest dick  
I one-two stroke her  
We caught up in the moment, ayeee  
T-t-turn up, V12 and I burn up  
My chick that fly bitch  
And your bitch unheard of  
4AM and we still poppin' bottles  
Probably have a new chick tomorrow  
Cause there's so many

So many girls in here tonight  
So many girls in here tonight

My problems in this pitcher  
Got a bucket full of liquor  
And I know ya'll got that bad bitch  
I got way too many nigga's  
Put your phone up  
Tyga gots a roller  
Loud pap with your bad ass  
Cause these good girls just ain't no fun  
Double cup and I'm slowed up  
Smokin' dub with my chauffeur  
Sneaka fly, hitta stylin'  
I'm the reason why you nigga's phoned up  
New York and my slow bucks  
DC got that old cup  
Hold up, these nigga's want no bucks  
Straight shot sipper  
I ain't mixing my liquor

Bitch I'm not kidding  
Ya'll some fisher price nigga's  
And we some life livers  
Hoping that this life give us  
A lot of money, success, and a woman to ride with us
