

# I'm Gonna Sleep with One Eye Open

Dolly Parton

I just found out today  
The little game you play  
While I been sleepin' all my life away  
You been steppin' so they say  
Between midnight and day  
So I'm gonna sleep with one eye open from now on

From now on, all night long  
You won't have a chance  
To treat your momma wrong  
You been steppin' so they say  
Between midnight and day  
So I'm gonna sleep with one eye open from now on

There's a honky-tonk down the road  
Just about a mile or so  
And I understand that's where you spend your time  
Baby, I got news for you  
Your little game is through  
Yeah, from now on baby  
You better tow the line

From now on, all night long  
You won't have a chance  
To treat your momma wrong  
You been steppin' so they say  
Between midnight and day  
So I'm gonna sleep with one eye open from now on

You thought you were bein' smart  
Breaking my little heart  
And leavin' me to spend my time alone  
Well you'll find out today  
It just don't work that way  
You've started a little game that two can play

From now on, all night long  
You won't have a chance  
To treat your momma wrong  
You been steppin' so they say  
Between midnight and day  
But you better sleep with one eye open from now on  
Yeah an' I'm gonna sleep with eye open from now on
