

# Wait 'Til I Get You Home

Dolly Parton

You never cease to amaze me  
You can still make me crazy  
Baby you can turn me on  
With just your eyes  
You're just so darn appealing

You stir up sexy feelings  
Every man in the room  
Would like to try you on for size

Wait 'til I get you home  
Wait 'til I get you alone  
Wait 'til I get my hands on you  
Wait 'til I get you home sweet baby  
Wait 'til I get you home

Oh baby you still make me  
Feel feelin's that can take me  
To places where I've never been before  
Well honey I've got a feelin'  
We'll make some shadows on the ceilin'  
Tonight by candlelight behind closed doors

Wait 'til I get you home  
Wait 'til I get you alone  
Wait 'til I get my hands on you  
Wait 'til I get you home sweet baby  
Wait 'til I get you home

Your lovin' gets better  
Each time we're together  
It's always exciting and new  
Each time we discover  
We're still like young lovers  
It's always been magic with you

Baby wait 'til I get you home  
You just wait 'til I get you alone  
Wait 'til I get my hands on you  
Wait 'til I get you home sweet baby  
Wait 'til I get you home  
Wait 'til I get you alone  
Wait 'til I get my hands on you  
Wait 'til I get you home sweet baby  
Wait 'til I get you home sweet darlin'  
Wait 'til I get you home
