

# Ground Up

Domo Genesis

I'm only speaking what I'm envisioning in my eyes  
Even stevie seen the ribbon in the sky  
So I'm focused on the prize  
The real on the rise, I'm getting high  
And these niggas say they fly, but I got a piece of mind  
Fuck the lies - I'm still the fucking man behind the pride  
I'm just happy I'm alive - crack a bottle to that  
Young nigga, big picture with the models to match  
Young ladies that we slay and we don't follow them back  
And long flights, so excited, I won't bother to nap  
Yea I made it huh, yea I guess to the average man  
Not a stroke of luck, fuck the game cause I had a plan  
Can't be a king if you got a castle made of sand  
I take it bit by bit - I'mma make it stand  
These niggas never had a chance  
Snowball effect, keep it rolling, make it avalanche

Don't know why they hating on me  
To fall, it's like they waiting on me  
They told me that's the way it's gon' be  
Everything you see, I did it on my own  
Oh, oh, oh, oh, oh, oh, oh, oh  
And homie I ain't ever gon' change  
No matter how much money I make  
And n'an nigga put me in the game  
Everything you see, I did it on my own  
Oh, oh, oh, oh, oh, oh, oh, oh

Hold up, know that I'm fly if I'mma show up  
Don't gotta roll, the joint already rolled up  
The bombay and simply already po'ed up  
They let us all in simply cause they know us  
And count so much benjies, them shits can't fold up  
'Member niggas used to just want a motorola  
Now we order motors from overseas with manuals we can't even read  
You claiming you this high, I fly where you can't even see  
The wintertime get cold, couple hours I change the degrees  
Hater please, leather jacket, gator sleeves  
Blowing all of mine, you taking all your time and saving trees  
All the realest 'round me down to rep the gang with me  
Heard I'm on my grind, it's going down, they taking knees  
I'm still blazing weed, going places, making cheese  
And tryna keep these critics out my hair  
Well not really cause I hear them talk, but really I don't care  
All buds inclusive, all my cars exclusive  
Runways and high grade pot music

Don't know why they hating on me  
To fall, it's like they waiting on me  
They told me that's the way it's gon' be  
Everything you see, I did it on my own  
Oh, oh, oh, oh, oh, oh, oh, oh  
And homie I ain't ever gon' change  
No matter how much money I make  
And n'an nigga put me in the game  
Everything you see, I did it on my own  
Oh, oh, oh, oh, oh, oh, oh, oh
