

It feel like a crime
Young niggas stay waiting, it's understood
No, I can't change my way, feel good, bruh
Niggas don't make it from my hood
That's why I'm getting high
No, I can't let a day go by
No, a nigga on it, rain or shine
I urge you niggas, stay online
'Cause I'm coming alive

Aye, uh, listen, listen, listen, yeah, yeah
Uh, uh, listen, uh, aye, listen

It feel like a crime
Young niggas stay waiting, it's understood
No, I can't change my way, feel good, bruh
Niggas don't make it from my hood
That's why I'm getting high
No, I can't let a day go by
No, a nigga on it, rain or shine
I urge you niggas, stay online
'Cause I'm coming alive

Ridin' through the city on some dirty shit
We swerve, perfectly, swift as a surgeon
No murder, I'm flirtin' with, I'm nerveless
I got a different purpose
You just itchin' the surface
You just a gimmick purchase
Bitch, I'm still that nig' in person
I'm double workin' though with friends
'Cause most these niggas serpents
Who really with me in this skirmish
Man, this shit a circus
I'm really tryna flourish
But I'm in this burning furnace
And I heard it never wait for turns
And I'm just being earnest
You niggas don't deserve this
I take everything you believe
And leave that shit deserted
You just fallin' in with the stream
I'm in a different current
Check how I swerve in this mix
And still existing
I know how urgent it gets
Cut all the silly shit
Came in the building to break these millys
With my affiliates
We on the high-line
You pitching in from the side-lines
Crossing these pile ons
I'm 'bout the commas fuck the dotcom

It feel like a crime
Young niggas stay waiting, it's understood
No, I can't change my way, feel good, bruh

Niggas don't make it from my hood
That's why I'm getting high
No, I can't let a day go by
No, a nigga on it, rain or shine
I urge you niggas, stay online
'Cause I'm coming alive

I be catching real vibes, what do you believe?
I been up here workin', I've been smokin' weed
Half a dozen tricks that I got up my sleeve
I don't see too many ways that I can't succeed
Gettin' high enough to bring a cloud down
I done had this potent vision for a while now
I inspire so many, niggas should bow down
I'm freestyling, every event to me is Wild Style
I can turn my burdens to a love song
In the midst of the trouble, feel like there's nothing wrong
I can see right through it when it's done wrong
And I can end it all like Thanos with the glove on
I believe in karma, what do you believe?
I believe my timing now is true indeed
I feel like I live this, this ain't new for me
And I'll be coming for everything that was new for me
For real
(Oh yeah, that's perfect)

(Waiting, it's understood, niggas don't make it from my hood)
(Aye, ugh, ugh)

Said it feel like a crime
Young niggas stay waiting, it's understood
No, I can't change my way, feel good, bruh
Niggas don't make it from my hood
That's why I'm getting high
No, I can't let a day go by
No, a nigga on it, rain or shine
I urge you niggas, stay online
'Cause I'm coming alive

Bitch, I'm coming alive, stay your bitch ass online
Stay yo' ass online
'Cause y'all ain't built for this shit, for real though
Stay yo' ass online
'Cause you don't really want it in real life
You don't know what it feels like
Yeah, shit feels right
Don't come outside
Better stay yo' ass online
Don't come outside, nah, nah, nah, nah
'Cause I'm coming for mine, I'm coming alive
Nigga, stay online
