Don Broco

Don't talk about money  
Cos money talks  
Don't take a picture hourly  
I seen em all  
I'll be your friend I'll help you out  
I'll be your friend but I can't stand you now

Don't wanna see kissing or puppy love  
Don't wanna see waking up in each other's arms  
I told my friends to cut it out  
I once had friends  
But I can't stand them now

Non-stop 24/7  
I know you're not the only one messing  
Aah quit messing around  
All you lovers been messing around  
Ooh now brother  
Tidy that shit up  
Aah quit messing around  
All my brothers been messing around

Toned, flat tummy  
Got a new hobby  
Ooo worked hard on it  
So check out so check out this body  
I had a friend now he works out  
I had a friend can't put his camera down

Non-stop 24/7  
I know you're not the only one messing  
Aah quit messing around  
All you lovers been messing around  
Ooh now brother  
Tidy that shit up  
Aah quit messing around  
All my brothers been messing around

Take it back back  
Turn back the technology  
Take it back back  
Back in time to when I didn't find that  
All of my friends were bothered me  
Back back  
Take it back back  
Go now  
Take it back back

Still the world keeps changing  
Soon there wont be no one else  
The world keeps changing  
Soon there wont be no one else  
Need to put all of me out there  
Hope that someone cares  
Not the only one left right?  
I'm not the only one left right?  
I gotta face the world keeps changing

There wont be nobody else  
Need to hold myself together  
One foot forward than the next  
Keep me moving on left, right, left, right, left, right  
Keep me moving on left, right, left, right, left, right

Non-stop 24/7  
I know you're not the only one messing  
Aah quit messing around  
All you lovers been messing around  
Ooh now brother  
Tidy that shit up  
Aah quit messing around  
All my brothers been messing around

Take it back back  
Turn back the technology  
Take it back back  
Back in time to when I didn't find that  
All of my friends were bothered me  
Back back  
Take it back back  
Go now  
Take it back back
