

## Oh Gosh

Donovan

With your coats of many colors  
And the flowers in your hair  
You may love away the pleasant hours  
To think upon all that is fair

To look upon and to touch  
Oh gosh  
Life is really too much  
(Life is really too much)  
You'll see

With the babies in your bellies  
And the poems on your tongues  
Your only chance to see me on your tellies  
Giving love to the newborn ones

Think about it you'll agree  
Many miracles you'll see  
(Miracles you'll see)  
You'll see

With the future safely dreamed of  
And his kisses on your brow  
Be only rest assured peace is coming  
To think upon love that is fair

To look upon and to touch  
Oh gosh  
Life is really too much  
(Life is really too much)  
You'll see

Soon, soon  
Soon, soon
