

Give Me Your Life

Dope D.O.D.

Here we go again civil hit em, 100 kilogram sledgehammer rhytm that a split
em en impact
Swiming like gibbens through this track
We keep the safe guarded by rhodesian ridgeback
Underground studio! Witch craft, stuck in the booth like a movie role
The hash in the air smells like cookie dough (who you know)
I couldn't give a f*ck less about
Try rapping that tuff with a guts hangin out!
That about does it, Ya heart rate plummets
Ya best friends vomits, The sky rain comets
No shoulda, Woulda, Coulda or what it's
Hacked into nugget sized trash bag rubbish
You talking to the one that wrote branded at 21
f*ck you instagram, f*ck Donald Trump and Lil Pump
This is rebel shit, Heavy metal shit
Spit the cops and skip school for the hell of it!
They call hip hop but where are the bars yo?
Yeah you treway but you rap with armee
I catch hodies like narcos
Stuff a fake rapper face first in a weed chipper like Fargo
I scribble riddle that kill all you little Lils
Ya nody is in the shed while i pillow talk with your widow
I bet a lot of parents dont like Skitz
But it goes like this.....

Listen kids

Dats all the knights, This is the knives
Dats i know rap, I give on my mic
Dats all the classic f*ck on a hype
f*ck on your lights
Give me your life
