

# Wonderful One

Doris Day

That I love you so  
Awake or sleeping  
My hearts's in your keeping  
And calling to you soft and low

My wonderful one  
Whenever I'm dreaming  
Love's lovelight a-gleaming I see  
My wonderful one  
How my arms ache to hold, dear  
To cuddle and fold you to me

Just you, only you  
In the shadowy twilight  
In silvery moonlight  
There's none like you, I adore you  
My life I'll live for you,  
Oh, my wonderful, wonderful one
