

Hero

Doro

You were a hero,
Our only hero.
You were a hero
For everyone.

You were a hero,
Our only hero.
You were a hero
Like noone...
Like noone...

Like a rainbow in the dark,
You put meaning in our hearts
Went to see
Kings and queens.

Yeah, you meant the world to meet
With your voice so strong and sweet
You were the
Mystery.

No, we'll never let you go
And we wanna let you know
That in our hearts,
Deep in our hearts

You were a hero,
Our only hero.
You were a hero
To everyone.

You were our hero,
Our only hero
You were a hero
Like noone...
Like noone...
Like noone...
Like noone...
Like noone...

With your music in our ears
We will wipe away our tears
Memory lives endlessly
For generations still to come
They will know that you're the one
Who let us see
Rock history

No, we'll never let you go
And we wanna let you know
That in our hearts,
Deep in our hearts

You are our hero,
Our only hero
You were a hero
To everyone.

You were our hero,
Our only hero
You were a hero
Like noone...
Like noone...
Like noone...
Like noone...
Like noone...

You were a hero,
Our only hero
You were a hero
To everyone.

You were our hero,
Our only hero
You were our hero
Like noone...
Like noone...
Like noone...
Like noone...
Like noone...

You were a hero,
Our only hero
You were a hero
To everyone.

You were a hero,
Ronnie James Dio
You were a hero
Like noone...
Like noone...
