

Love's Gone to Hell

Doro

It's where love's gone to hell
So where did it all go wrong
A love seemed forever strong

I thought that this never will change
Now we're here in the falling rain
I almost can't bare the pain
These feelings don't feel quite the same

I see the writing on the wall
I feel it's over and over, no
It's when love's gone to hell
It's when love's gone to hell
Oh why do I, oh why do I,
Oh why do I feel so lonely
It's when love's gone to hell

Oh tell me there's no one else
It might be we're under a spell
A spell we could break any time

And please take me in your arms
And tell me it's not all done
I'll know about the look in your eyes

I see the writing on the wall
I fell it's over and over, no
It's when love's gone to hell
It's when love's gone to hell

Oh why do I, oh why do I,
Oh why do I feel so lonely
It's when love's gone to hell
It's when love's gone to hell
Oooh

It's when love's gone to hell
Uuuh
Oh why do I, oh why do I,
Oh why do I feel so lonely
It's when love's gone to hell
It's when love's gone to hell
