

Rewire

Dot Hacker

I'm not calling you a liar
I know you have been trying
Trying to inspire
But now I don't know who I believe
Now I don't know who I believe.

You are the fire
I've been freezing
Its been a while
Since we and I could believe
Since we and I could believe

Oh, re-wire
Oh, re-wire
Oh, re-wire
Oh, re-wire
Oh, re-wire
Oh, re-wire
Oh, re-wire
Oh, rewire

I'll be rewired
Head and heart conspire
My eyes are often dryer
All I have wanted was to believe
All I have wanted was to believe
