

I'm Only Human

Dottie West

I walk in the room is bare I close my eyes pretending you're there
I feel your hand pressing mine your soft sweet lips pressing mine
And I'm making excuses why I can't stay but I find that I'm slowly melting away
And I can't resist the thrill of your touch
Cause I've loved you so long and I've loved you so much I'm only human
[guitar]
I open my eyes the dream is gone I realize I've got to go on
I can't live my life on your memory I've got to forget you I've got to be free
So I say that it's easy and easy it seems
Then I close my eyes and look back in my dream
And I still can't resist the thrill of your touch
Cause I've loved you so long and I've loved you so much I'm only human
