

Leavin's for Unbelievers

Dottie West

Nobody likes losin' a friend or a lover
Nobody likes being alone
Nobody wants to feel like
somebody don't need them
Nobody likes being alone
So stop. Turn around
Just look at what we're doin'
Callin' it quits
Like a couple of fools
Oh, stop. Come back
Let's try a little harder
'Cause leavin's for unbelievers
And I believe that we're in love
Everyone's had a little heartache inside them
But that ain't no reason
for sayin' goodbye
And everyone's seen
a little thunder and lightenin'
But that ain't no reason to run and hide
So stop. Turn around
Just look at what we're doin'
Callin' it quits
Like a couple of fools
Oh, stop. Come back
Let's try a little harder
'Cause leavin's for unbelievers
And I believe that we're in love
