

Makin' Memories

Dottie West

Makin' memories to last the lifetime
A lifetime I'll be living without you
It feels so good to be in your arms tonight
And to think it's the last time don't seem right
But let's be happy to the end
As parting sweet sorrow begins
Makin' memories to last the lifetime
Countin' every minute left with you
Makin' memories to last the lifetime
A lifetime I'll be living without you
So hold me forever tonight
And kiss me a thousand goodbyes
And don't let sadness cross my mind
But leave happy memories behind
Makin' memories to last the lifetime
I'm lovin' every minute left with you
Makin' memories to last the lifetime a lifetime
I'll be living without you
