

Today I Started Loving You Again

Dottie West

Today I started loving you again
And so I'm right back where I've really always been
I got over you just long enough to let my heartache mend
And then today I started loving you again

What a fool I was to think I could get by
On only these few million tears I've cried
Then I should have known the worst was yet to come
And that crying time for me had just begun

Today I started loving you again
And so I'm right back where I've really always been
I got over you just long enough to let my heartache mend
And then today I started loving you again

Yes, today I started loving you again
