

# You're Not Alone

Downhere

You feel the isolation, slowly take a toll  
This season of waiting, is starting to get old  
Looking for acceptance, and aching for a home  
So tired of trying to make it out on your own

There's no easy answer, but one thing you should know

You're not alone, anywhere you go  
You're not alone, hear the voice whisper to your soul  
A promise you can always hold:  
You're not alone, no

You're stuck in a dive and you've almost had enough  
Because of what you've been through, it's difficult to trust  
You're still barely hanging on, trying hard to fight  
If anybody's listening, you want to know tonight

There's no easy answer, but one thing you should know

You're not alone, anywhere you go  
You're not alone, hear the voice whisper to your soul  
A promise you can always hold:  
You're not alone, no

You're not alone  
You're not alone

Reach out, don't reach within  
I'm at the door, if you just let me in  
Reach out for what you need  
What you won't find in yourself, you will find in me

You're not alone, hear the voice whisper to your soul  
I'll never leave or let you go

You're not alone, I'm with you to the end  
You're not alone, I'm closer than a friend  
You're not alone, and I'm with you to the end  
You're not alone, closer than a friend  
You're not alone...
