

# Coming out of the Darkness

Dr. Dog

I can feel your fingertips  
Somewhere in the distance  
Feeling cataloged and broken down to cover But the flow of my existence is mine to control  
And I'm following that wide open road

Coming out of the darkness  
Coming out of the dark  
Get out the way

Coming out of the darkness  
Coming out of the dark  
Get out the way

The days turn to decade  
Turn the duck to stone Next thing you know  
You're living like a frog

How can my Be the only ones who know  
I live to learn  
And I learn to love, by God

Coming out of the darkness  
Coming out of the dark  
Get out the way

Coming out of the darkness  
Coming out of the dark  
Get out the way

Lies of omission  
Lies often told  
Lies upon lies upon deception

And I'm lightning in a bottle  
I'm crying inside  
I can't hide from the pain of reflection

Get out the way

Coming out of the darkness  
Coming out of the dark  
Get out the way

Coming out of the darkness  
Coming out of the dark  
Get out the way

Coming out of the darkness  
(Get out the way)  
Coming out of the dark  
Get out the way

Coming out of the darkness  
Coming out of the dark  
Get out the way
