

Fire On My Back

Dr. Dog

Born invisible
Just metaphysical
Facts all the visitors
To shit says it is-able
And Pop culture quizzical
Down with the mystical
Failed on my testicles
Slapped 'em with a battery
And burn just a part of me
Hard men have hallowed me
Cat's curiosity
Skinned them in the gallery

I know that time is hard to spend
So waste it, so waste it on wine
I know the farm is hard to tend to
So taste it
It tasted
Like fire on my back it is a

Pop called me miserable
She, got my belly full
Three, like an animal
Fire on my back it is a

I know that time is hard to spend
So waste it so waste it on wine
I know the farm is hard to tend to
So taste it
It tasted like
Fire on my back it is a

I know that time is hard to spend
So waste it so waste it on wine
I know the farm is hard to tend to
So taste it
It tasted like
Fire on my back it is a
