

# True Love

Dr. Dog

I can't understand the city  
And I don't understand true love  
And I've been under false impressions  
Of even where I thought I was  
Heavy are the open-hearted  
And heavy is the fate of love  
Yeah here I go from town to town  
Just getting by on old true love

Love's sick and so backwards by you  
Love's sick in town  
Gonna need to call the CDC  
'Cause it's going around

On and on and on we're getting  
Conjuring a tidal wave  
Standing on the cliffs and laughing  
And running down the fire escape  
A step ahead a roll of thunder  
And only every turning does  
Heavy are the open-hearted  
And heavy is the fate of us

Love's sick and so backwards by you  
Love's sick in town  
Gonna need to call the CDC  
'Cause it's going around

They say that love is blind  
But you look good to me  
And there's a reason that I'm coming over  
And it ain't up to me

True love  
Is there any wonder darling  
That I don't understand true love  
On and on and on we're getting  
Conjuring our own true love  
And heavy are the open-hearted  
Heavy is our own true love

Yeah I was so free and lonely  
And missing of all true love  
Is it any wonder darling  
That I don't understand  
True love
