

Let Me Be Your Lover

Dr. Hook

Come on to me baby
let me be your lover !
Let's do all the things lovers do .
We can kiss and hug,honey
all night on the rug
that daddy back in Texas
gave to you .

Thinkin' 'bout the times
we wuz messin' peoples minds
together doin' what we wanted to .
But that was the best part
like we had a head start
you lovin' me and me lovin' you .

So let's do it over again .
and let's don't let it end .
I found what I want and it's you
A woman - lover - friend !

So let's do it over again .
and let's don't let it end .
I found what I want and it's you
A woman - lover - friend !

C'mon to me baby
let me be your lover !
Let's do all the things lovers do .
We can kiss and hug,dear
all night on the rug
that your daddy back in Texas
gave to you .

Thinkin' 'bout the times
