

# Levitate

Dr. Hook

Alright, now everybody say hello to the bass  
What are you yellin' about?  
Now we'd like to take this opportunity to introduce our bass player to y' ba  
by  
And then here's John the drummer on the drums  
Where the hell is John? (drumming starts)  
OK Yeah  
OK - that's more like it . . I can boogie around a little bit  
I guess y'all know the rest of the fellas  
Yeah - I've seen 'em around...Hey sarge

We know you've been waiting for a brand new dance  
Oh -some of us  
So pull up your pants 'cause here's your chance  
Now it ain't gonna be easy but we want you to try  
I'm gonna try  
And if you can do it then maybe so can I  
I certainly hope so  
Everybody get your date  
And Levitate

Waaaaaaahhhhhh  
Stop screaming your messing with my rhythm

OK now, this is the way you do it,  
first you take your hand put it on your elbow  
I got it  
Then you take your knee  
and you put it up there too  
Oh wait a minute  
Then you take your head  
and put it down between your knees  
I can't do this  
And when you feel it,  
then you flap your ears and float on up here with me  
Oh wow  
And Levitate  
Where are you going?

I bet you can't do it  
Yes I can  
You know you can't do it  
I think I can do it  
I bet you can't do it  
Maybe you're right  
You know you can't do it  
I'm gonna try though man  
I bet you can't do it  
No

That's it, you all got it now  
Get on up off the floor  
I can't - that's my problem - I can't get up  
That's alright,  
alright now I want you to do something  
I'll do anything  
I want you to raise your right foot

Everybody get up on your right foot  
C'mon everybody let's do it  
Alright, now raise your left foot  
OK  
No no no no don't put your right foot back down  
Keep 'em both up  
I can't  
That's it  
Now you've got it, now get up, I mean get down  
I aint got it  
I'm gonna get on up here myself, look at me taking off  
You're the only one that can do it  
But before I leave I'd like to say  
that there is an easier way to do this  
That's a relief  
Now if you can possibly manage,  
get one of your ankles on the floor  
Wait a minute  
Just one of them  
Wait a minute  
Get down on the floor....  
Would you wait a minute  
Until you can reach over with your elbow....
