

## Getaway

Dr. John

Drunk out on cris living in a while  
On a cricking road when a..smile  
Never came where I've been  
Owing that I've seen you again

I was always ready  
To make a play  
Now you're so meet together away  
Dues I pay is my greatest singin'  
Will I ever see you again  
See you again  
See you again

No as the hand in a blunt out of hill  
..don't you ..I said out  
Try to break us all we do is be  
A love that will never end  
Will never end  
Will never end
