

# Peace Brother Peace

Dr. John

Peace brother peace  
The doctor's comin'  
O peace brother peace  
Yes, the doctor's comin'  
Everybody (oh no no yeah)  
Bringin' peace all over this world

Peace brother peace  
The doctor's comin'  
O peace brother peace  
Yes, the doctor's comin'  
Everybody  
(Oh no no yeah)  
Bringin' peace all over this world

Everywhere I see this world in sick condition  
And what the world needs now  
Is the feel of revision  
Let's put a stop to all your war hate and greed  
'Cause bein' in love, is somethin' everybody needs  
Yes it is

Peace brother peace  
The doctor's comin'  
O peace brother peace  
(The doctor's comin')  
Everybody  
(Oh no no yeah)

I ain't no fortune teller, tryin' to be a nice fella  
I ain't no astrologer, tryin' to be a philosopher  
I ain't no politician, just worryin' about the world's condition  
Just got to reach the soul, and here's my prescription

Peace brother peace  
(The doctor's comin')  
O peace brother peace  
Yes, the doctor's comin'  
Everybody, oh no no yeah  
Bringin' peace all over this world
