

# Lonely Heart

Dragonette

I'm beat, I'm wrecked, I'm hanging over the deck  
And I just keep on going on and on, on and on  
I still got some sense, but not enough left to spent  
And I just keep on going on and on, on and on

There's a couple things I regret (regret)  
And I've blown every plan I had (I had)  
I'm a little bit stepped, but  
I know I'm gonna get back up  
And do it again

Take small and two shots to go  
In your heart and out of my chords  
Got a lonely heart, got a lonely heart  
Got a lo-lo, got a lonely heart  
Love sucks, I just wanna touch  
And getting the bad boys picking me up  
Got a lonely heart, got a lonely heart  
Got a lo-lo, got a lonely heart  
Got a lonely, lonely heart  
Got a lonely, lonely heart  
Got a lonely, lonely heart  
Got a lonely, lonely, lonely heart

I'm drunk, it's bad, my aces all been jacked  
But I go on and on, on and on, on and on  
Don't care, no sweat, I'm gonna have the best night yet  
Now I go on and on, on and on, on and on

There's a couple things I regret (regret)  
And I've been in over my head (my head)  
I'm a little bit stepped, but  
I know I'm gonna get back up  
And do it again

Take small and two shots to go  
In your heart and out of my chords  
Got a lonely heart, got a lonely heart  
Got a lo-lo, got a lonely heart  
Love sucks, I just wanna touch  
And getting the bad boys picking me up  
Got a lonely heart, got a lonely heart  
Got a lo-lo, got a lonely heart  
Got a lonely, lonely heart  
Got a lonely, lonely heart  
Got a lonely, lonely heart  
Got a lonely, lonely, lonely heart

Late night, cab rides, with a lonely heart  
Just pushed up right against a lonely heart  
They gotta heat that leaves you cold  
But I gotta get some more  
Gotta fill it up, gotta fill it up  
Fill my lo-lo-lo-lo-lonely heart

Take small and two shots to go  
In your heart and out of my chords

Got a lonely heart, got a lonely heart  
Got a lo-lo, got a lonely heart  
Love sucks, I just wanna touch  
And getting the bad boys picking me up  
Got a lonely heart, lonely heart  
Got a lo-lo, got a lonely heart  
Got a lonely, lonely heart  
Got a lonely, lonely heart  
Got a lonely, lonely heart  
Got a lonely, lonely, lonely heart
