

Our Summer

Dragonette

Gets gets better better
Gets gets better better
Gets gets better better
Gets better better

Our summer out west
Our summer is sex
Our summer just gets better
Our summer out west
Our summer is sex
Our summer just gets, gets better-better

I don't need no weekend telling me when to begin
You stay upstairs until I call you down for dinner
Single ladies want a ring on it
I shake a finger, let it be
I'll call you paul
Paul, you call me Linda
Single ladies want a ring on it
I shake a finger
I shake a finger
All the single ladies want a ring-a
Shake a finger
We're just having fun
If you got to order in

Our summer out west
Our summer is sex
Our summer just gets better
Our summer out west
Our summer is sex
Our summer just gets, gets better-better

Our summer is sex,
We get so wet about the weather
She tell you no, cause she want avoid a commitment
She resists but you persist
And I suggest her sister
She's a go getter, She say no never

She's a go getter, she never say no
The sign says open, doesn't ever say closed
I put a twenty on her
She's good to go
I bet you get her
She say no never
And baby, you can pay me later!

chorus

So I can show you show you how to shake your shaker
You know you know it's gonna make or break ya
I'll kick you round for awhile
And I'll sayonara you later

I'll remember the (what?) flavor
I'll sayonara you (when?) later

I'll remember the (what?) flavor
I'll sayonara you later
Come give me something to savor

Our summer out west
Our summer is sex
Our summer just gets better
Our summer out west
Our summer is sex
Our summer just gets, gets better-better
Gets, gets better-better
Gets, gets better-better
