

Kill the Leader

DragonHeart

My name is fear, chaos is my life
The leader controls the troops
With a cold spirit

Gods or demons waiting for him?
One fall and everybody will fall
Feel the pain, feel the blood rain

Too late to hear their screams
Too late to hear them cry
Find out who calls the battle
Find out who calls the dark

All the army will reach the end
Every man will hear my call
All the confront is a hell
All the enemies will fall

(Bridge)
Agony is my name
Death always remains the same
Agony is my name
Death always remains the same

(Chorus)
Kill... Kill... Kill... the leader
Kill... Kill... Kill... the leader
Kill... Kill... Kill... the leader
Kill... Kill... Kill... the leader
