

Drag Me Down

Dream On, Dreamer

When you're alone trying to heal
All the pain that you feel
I can't talk when I'm dreaming
My body wants to let go (body wants to let go)

And you found yourself in
Your darkest nights
I can't stop to feel
This emptiness inside

You tried to crucify me
You put a weight on my chest
And as the world is ending
You'll never get in my head
Or drag me down

Lonely eyes, you keep denying
You're afraid to let the light in
I can't talk when I'm dreaming
My body wants to let go (body wants to let go)

And you found yourself in
Your darkest nights
I can't stop to feel
This emptiness inside

You tried to crucify me
You put a weight on my chest
And as the world is ending
You'll never get in my head
Or drag me down

I hope, now
You'll be on your own, now
The silence is around me but
I can't stop thinking about you
I hope, now
You'll be on your own, now
The silence is around me but
I'm thinking about you

You tried to crucify me
You put a weight on my chest
And as the world is ending
You'll never get in my head
Or drag me down
Or drag me down
(Crucify me)
Drag me down
(You'll never get in my head)
