Dream On, Dreamer

Why don't he does scream anymore?

Fuck! Pick it up! Get it up! Get off your feet!
Fuck! Bleugh! What the fuck! Shut the fuck up!
Fuck me up! I'm still tryna find fucks I used to give!

Pick it up! Get it up! Ohh! Shut the fuck up!
Pick it up! Get it up! Ohh! Shut the fuck up!
Pick it up! Get it up! Ohh! Fuck shit up!
Pick it up! Get it up! Ohh! Shut the fuck up!

I feel it sinking in
Soaking every corner of my mind
I'm weightless, so senseless
It's like I'm screaming out but all my breath is wasted
These late nights, so winded
But it's time to leave me in the darkness

It's like I'm running a race that I can't win
Another day on the pavement
I'm tryna pick up the pieces
You had me questioning everything

Got a new soul
Coming out of spaces that I can't control
Going round in circles with my heart
I'm weightless, so senseless
It's like I'm screaming out but all my breath is wasted

It's like I'm running a race that I can't win
Another day on the pavement
It's like I'm stuck at the sea, but I can't swim
And you're watching me waving
Oh, I've seen the struggle
And you know that nothing's gonna keep me down (gonna keep me down)
I'm tryna pick up the pieces (I'm tryna pick up the pieces)
You've had me questioning everything

(Hey! Hey! Hey! Hey!...)

We dug this hole
Now we can't get out
We built this up
To watch it all fall apart
Oh!

Now I'm stuck in the same room twice
I'm barely breathing, but I keep it all alive
And I feel like I've swallowed the knife
Too many years I've spent trapped under ice

It's like I'm running a race that I can't win
Another day on the pavement
It's like I'm stuck at the sea, but I can't swim
And you're watching me waving
Oh, I've seen the struggle
And you know that nothing's gonna keep me down

I'm tryna pick up the pieces
You've had me questioning everything

Pick it up! Get it up! Ohh! Shut the fuck up!
Pick it up! Get it up! Ohh! Shut the fuck up!
Pick it up! Get it up! Ohh! Fuck shit up!
Pick it up! Get it up! Ohh! Shut the fuck up!
