

With All My Heart

Dream Street

Late at night, awake and alone
I count the stars in the sky
Every cloud that rolls by
and I think of you, I whisper, I wish
With everything that I am
I'll do all that I can

'Cause baby I, I just want you to see
That baby you mean the whole world to me

It's so right
When I see the love in your eyes
All that I wanna do
Baby is to spend my life with you
and I know
As long as there is tomorrow
I'll be loving you right from the start
With all my heart

I can't believe what's happened to me
You stepped right out of my dream
Like nothing I'd ever seen
And I will love you...for the rest of my life
'til forever is gone
You'll be the one

Woh-Oh, 'Cause baby I (Baby I, Baby I...) never thought I would say
That baby you (Baby You) are my night and my day

It's so right
When I see the love in your eyes
All that I wanna do
Baby is to spend my life with you
and I know
As long as there is tomorrow
I'll be loving you right from the start
With all my heart

Woh-Oh-Oh, I know I'll be strong (I'll be strong, I'll be strong, baby)
With you in my arms (I want you in my arms)
Heaven brought us here together
We belong like this forever.

It's so right
When I see the love in your eyes
All that I wanna do
Baby is to spend my life with you
and I know
As long as there is tomorrow
I'll be loving you right from the start (With all my heart)
It's so right
When I see the love in your eyes
All that I wanna do
Baby is to spend my life with you
And I know
As long as there is tomorrow
I'll be loving you right from the start

With all my heart

(With all my heart, With all my heart)
Wo-oh-oh, With all my heart.
