Don' Tell me what's in Tell me how to write Don't tell me how to win This fight Isn't your life It isn't your right To take the only thing that's Mine Proven over time It's over your head Don't try to read between the Lines Are clearly defined Never lose sight of Something you believe in

Takin' in the view from the outside Feeling like the underdog Watching through the window I'm on the outside Living like the underdog

I've been trying to justify you In the end I will just defy you To those who understand, I extend my hand

To the doubtful I demand, take me as I am Not under your command, I know where I stand I won't change to fit your man, Take me as I am As I am

Still
Running uphill
Swimming against the current
I wish I weren't so
Fucked
Feels like I'm stuck
Lost in a sea of mediocrity

"Slow down,
You're thinking too much
Where is your soul?"
You cannot touch
The way I
Play
Or tell me what to say
You're in the way
Of all that I believe in

Takin' in the view from the outside Feeling like the underdog Watching through the window I'm on the outside Living like the underdog

I've been wasting my breath on you
Open minds will descend upon you
To those who understand, I extend my hand

To the doubtful I demand, take me as I am

Not under your command, I know where I stand
I won't change to fit your plan, take me as I am
