

## Hungover On a Tuesday

dredg

So long to the hurt and stormy weather  
It's time for a cleansing  
Nice try, but you cannot avoid this forever  
I know it makes you feel good

Feeding on yourself  
Your such a kid  
You want to be sure  
You dont loose control  
Your want to be sure  
That this is really you

So long since I can even remember  
Its time for renewal  
You know that, you won't have one after  
You know it makes you feel good

Feeding on yourself  
Your such a kid  
You want to be sure  
You dont loose control  
Your want to be sure  
That this is really you

Fell towards the fire  
Shielded myself from sin  
Things are looking brighter  
This is the way I want to look

So long to the hurt and stormy weather  
It's time for a cleansing  
Nice try, but you can't control me forever

Feeding on yourself  
Your such a kid  
You want to be sure  
You dont loose control  
I'll always be sure  
You want to be sure

So long to the hurt  
You'll always be there  
But you are gone to me
