

## Denial

Dropkick Murphys

In the face of all thats obvious I continue to wreck my life...  
So set in my ways it's impossible to do whats good... Smokin,  
jokin + boozin my time away Just livin for the pain + lies "caught  
in denial"...

Look in the mirror to only see a liars face in front of me I've  
tried so hard to heed the warnings my heart is turning

On with self slaughter, the barfly gives in... once again the bottle  
is judge + jury He's caught in a struggle that calls for his  
life... so caught up in his own self destruction, "caught in  
denial"...

Look in the mirror to only see a liars face in front of me I've  
tried so hard to heed the warnings my heart is turning

I made my own bed I'll sit in the mess this poison booze lifestyle  
is a dear friend And I know it's a lie, but it's all that I  
have I'm going right for the end with total abandon....!

Look in the mirror to only see a liars face in front of me I've  
tried so hard to heed the warnings my heart is turning

It's real
