

Bleed With You

Drowning Pool

I will bleed
You were the fire that burned it down
You never ran, you stood your ground
You used your voice to make a sound
Whoa Whoa
You learned to rise above the ash
You learned to fight and make a stand
You gave it all, never held back
Whoa Whoa

It's to the ones we left behind
To the ones who never hide
To the ones broken inside
I will bleed with you
To the ones that make it right
To the ones who keep the fight
To the ones who don't lose sight
I will bleed with you

I will bleed with you
I will bleed

Sometimes I know it's hard to fight
through darkest memories
Hold on to pride, now hold it tight
Between horizons you have been

Let's throw our fists into the air

It's to the ones we left behind
To the ones who never hide
To the ones broken inside
I will bleed with you
To the ones that make it right
To the ones who keep the fight
To the ones who don't lose sight
I will bleed with you

We are the ones with our voices high
Screaming don't lose hope we're not afraid to die
We are the ones living out our lives
Screaming don't lose hope we're not afraid to die

It's to the ones we left behind
To the ones who never hide
To the ones broken inside
I will bleed with you
To the ones that make it right
To the ones who keep the fight
To the ones who don't lose sight
I will bleed with you

You were the fire that burned it down
You never ran, you stood your ground
You used your voice to make a sound
You learned to rise above the ash
You learned to fight and make a stand

You gave it all, never held back
I will bleed with you

I will bleed with you
I will bleed
