

## Digging These Holes

### Drowning Pool

You used to say that you're out of played  
Now you are caught up in the net and never bite the hand that feeds  
Out everyday, are you the same way  
Your life sucks and it's driving you insane  
You used to say that you'll never die  
That you will always gonna fly  
Never read the life for free  
It's so true, that you're overdue  
That our talk is the only reason you

The phone [?] wrong, never learn  
Keep up, keep digging, digging these holes  
So far, fall down, no place to call on your  
You shut your, your mouth and, you keep close  
Keep digging, digging these holes

Now I've got a handshake, with a slice rise  
And a wicked eye  
You got a mouth full of charge  
And a head full of lies  
Pissing off your tortured soul  
Well you'll get your way, I hear it everyday  
But I got news for the sicker fans  
You gotta be sick and track, get a knife for rob those bads  
Spend your life without breaking side  
Well just get away, just get away

The phone [?] wrong, never learn  
Keep up, keep digging, digging these holes  
So far, fall down, no place to call on your  
You shut your, your mouth and, you keep close  
Keep digging, digging these holes

No sympathy, no tiger on grey  
No way out, it's just the way you came  
No apologies, it's far too late  
No sympathy, it's just forgive me

It's far too late, it's all too late

Keep up, keep digging, digging these holes  
So far, fall down, no place to call on your  
You shut your, your mouth and, you keep close  
Keep digging, digging these holes  
No sympathy, no tiger on grey  
No way out, it's just the way you came  
No apologies, it's far too late  
No sympathy, it's just forgive me
