## Drowning Pool

On your feet, who's with me  
On your feet, who's with me

One world, made better, in slaight, hard bitter  
There is no compromise, your bringing forth your sacrifice

On your feet, who's with me  
On your feet, let's go

Every time I see inside you I see myself within you  
let's go

(whoah, yeaheah) This is for the soldiers  
(whoah, yeaheah) This is for the soldiers  
(whoah, yeaheah) This is for the soldiers  
all for one, let's go

On your feet, who's with me

Lock tide, old strain, there it goes in vain  
There is no compromise, your bringing forth your sacrifice

On your feet, who's with me  
On your feet, let's go

Every time I see inside you I see myself within you  
let's go

(whoah, yeaheah) This is for the soldiers  
(whoah, yeaheah) This is for the soldiers  
(whoah, yeaheah) This is for the soldiers  
one for all, we're coming

Every time I see inside you I see myself within you, ohh let that fade away  
Your pride inside of me, your honor inside me, respect inside of inside of me, go

(whoah, yeaheah) This is for the soldiers  
(whoah, yeaheah) This is for the soldiers  
(whoah, yeaheah) This is for the soldiers  
our soldiers, let's go

(whoah, yeaheah) This is for the soldiers  
(whoah, yeaheah) This is for the soldiers  
(whoah, yeaheah) This is for the soldiers  
all for one, we're coming

Every time I see inside you I see myself within you, ohh let that fade away

Every time I see inside you I see myself within you, ohh let that fade away
