

You Are Everything

Dru Hill

Can I play for you baby
Hey yo Woody, help me out, yeah
Hey yo Jazz, you chill for a minute, ya know?
Uh uh uh yeah
You like that?
Gonna sing you a song
Listen

Last night we had an argument
Afterwards, I'm feelin' pretty bent
Then I took a drink and I didn't think
What was in store for me
So I wrote a letter
Dropped it on the bedroom floor
I never felt this way before, no
I grabbed my coat and closed the door baby, I'm sorry

Baby I'm sorry (Oh yeah)
Sorry for what I've done (Will you forgive me)
Will you forgive me and let me be your only one
Cuz you are

- You are everything
And I would give you anything
Sorry for what I've done
I wanna be your only one

Girl I apologize for all your tears
When you cried, sorry for what I've done
I wanna be your only one

Girl I apologize for all the tears
And all the lies
And if by chance just one more chance
I swear I'll be the epitome of a good man

Baby I'm sorry (I'm sorry)
Sorry for what I've done (Baby)
Will you forgive me (Hey, yeah)
And let me be your only one
Cuz yo are

oh, oh, oh, come on
You are everything
And everything is you
You are everything
Yo yo everything I do

You are everything
And everything is you
You are everything
Girl, you're everything I do

You are everything
And everything is you
You are everything
Girl, you're everything I do

Everything I do

You are everything
And everything is you
You are everything
And everything is you
