

## Rock Steady

Dub Pistols

(rock steady, rock steady)  
Do what you wanna  
Do what you wanna  
(rock steady, rock steady)  
Dub Pistol on the role, again! Listen!  
As we rock to the rhythm of the heavy rock steady  
And we're head strong already so we say what we mean  
And do what we wanna  
... is been free  
You can do what you wanna, but prepare to proceed  
Prepare to go lead, cause I want it, i'm on it  
I got more fiddles than the London Filarmonic  
More strokes than the boat crew  
If only folks knew what we do  
They'd wanna come party with us too  
Yeah, to the rhythm of the rock steady  
Do what you wanna, say what you wanna  
And dance to the rhythm of the rock steady  
Get up, stand up  
Get up, stand up!  
X2  
Hey, This life is full of surprises  
But the wise keep their eye on the prize to survive it  
I arrived with my cloud 9 boots on, I'm floating  
Hoping you can, get up and stand up, with us promotin  
A little more lovers, we're kicking the doors opened  
What we say plays to the rhythm, That's no jokin  
Trying out king on every princess  
When the music hits you feel no pain  
But call ya blessed!  
Rock to the rhythm of the heavy rock steady  
Do what you wanna, say what you wanna  
And dance to the rhythm of the rock steady  
Get up, stand up  
Get up, stand up!  
X2  
Dub Pistol crew inside as we ride!  
Yeah, to the rhythm of the rock steady  
Do what you wanna, say what you wanna  
And dance to the rhythm of the rock steady  
Get up, stand up  
Get up, stand up!
